WHOLESALE COMMERCIAL PRICE OF PETROL

It is notified for general information that Cabinet approved the following:-

- Agree to the new wholesale commercial price of \$1.67/litre for petrol from the latest shipment, noting the cost price of the petrol is approximately \$1.144/litre. The difference is due to the rounded up effect of \$0.50/litre excise on petrol, a \$0.01/litre charge for the cost of unloading the shipment and a \$0.01/litre charge to recover Utilities' costs in storing, delivering and administering the petrol.
- Agree that the Bank of Nauru, commercial outlets and the public be advised of the change in price of petrol.

Dated this 13th day of April, 2007.
