LAND AVAILABLE FOR LEASING

TENDERS and/or applications, as applicable, are invited for the right to a lease or leases over the land or lands as described in the following advertisements on the terms and conditions as set out and subject to the provisions of the *Land Act 1962* (as amended).

The attention of Tenderers and Applicants is directed towards the following:—

Tenders.—The upset price where shown below is the assessed unimproved value of the land, and is the minimum amount accepted as a tender. Tenders may be for any amount in excess of the upset price, but the successful tenderer will only be required to pay the difference between the upset price and the amount of the tender.

Example—

	K
UPSET PRICE	400
VALUE OF ALLOTMENT TO TENDER	100
AMOUNT TO BE STATED IN TENDER	500

If successful, K100 would have to be paid in this case. The highest or any tender will not necessarily be accepted.

Fees: All tenders and applications must be accompanied by an application fee of Two Kina (K2.00) for each portion of allotment required. Following the grant of a lease an additional fee for the preparation of lease documents, the amount of tender less the upset price where applicable and, if surveyed, the prescribed survey fee, shall be payable within two (2) months from the date of grant.

Reference.—Tenderers and applicants are advised to indicate preferences if there are more than one allotment or portions being advertised in any particular advertisement, but only one registration of application fee need be lodged if only one allotment or portion is required. If more than one allotment or portion is required, an additional fee for each such portion or allotment must be lodged.

Land Available for Leasing—*continued*

Tenderers and Applicants.—Tenderers and applicants must state full name, occupation and postal address. If more than one person is tendering or applying, it must be stated whether joint tenancy or tenancy-in-common is required. If a company, the full registered name and address of the company and that of its representative must be stated. A business name cannot hold land.

Improvements.—Expected development in respect of agricultural leases is indicated in the respective advertisements, however, full proposals of proposed development shall be submitted by tenderers or applicants seeking other types of leases or larger agricultural leases unless development is specified in detail in any particular advertisement. Where applicable development shall comply with the requirement of the Town Planning Act and the Building Regulations.

General conditions pertaining to Business Leases.—Provided all other factors are equal, preference may be given to indigenous proposals, or proposals which contain a significant proportion of indigenous equity. In the event that a lease is recommended because of a proposal to include a significant portion of indigenous equity, the lease shall contain a clause requiring specific performance of the proposal within a time specified.

In all cases where a lease is granted to non-natives or companies or associations not containing a significant amount of the indigenous equity, the lease may contain a clause requiring the lessee to achieve a specific level of indigenous equity within a time specified and/or to provide a certain level of management training and/or technical training of indigenous persons.

The level of equity that may be required will depend upon a number of factors including the type of business, the amount of capital required, whether foreign investment is involved etc.

General.—All applications and tenders will come before the Land Board at a time and date which will be notified to all interested parties. It is advisable to appear in person or to have representation before the Land Board.

Applicants and Tenderers will be required to produce to the Land Board acceptable evidence as to possession of suitable experience and/or financial resources, as the case may be, for the development of the land. Tenderers and applicants are advised to inspect the land before applying or tendering. All leases are subject to the excision of any necessary water supply, sewerage, drainage and electricity pole staywire easements and agricultural leases to the excision of any necessary road easements.

Where a lease has not been surveyed, leases will be issued as "Subject to Survey".

The attention of public servants intending to apply for an Agricultural or Business Lease is directed to the following:

A lease will not be granted by the Land Board unless:

The Public Servant resigns from the Public Service within two (2) months from the start of the lease; or

Approval has been given under Public Service Regulation No. 25 to hold land.

Note: Unless there are very special reasons, the Public Service Commission will only grant approval under Section 25 of the Public Service Regulation if they retire within six (6) months from the start of the lease.

Any Public Servant who applies for an Agricultural or Business Lease must—

(a) notify his Departmental Head of the application to the Land Board; and

(b) advise his Departmental Head of the Land Board's decision.

Tenderers and applicants are warned that Tenders and Applications must be lodged at, or posted so as to reach the Lands Department, Konedobu, before 3 p.m. on the closing date indicated in each advertisement.

All Tenders and Applications must be accompanied by the prescribed application fees or be rejected as informal.

(Closing date.—Applications close at 3 p.m., Wednesday, 25th May, 1983.)

CORRIGENDUM

ON page 178 of National Gazette No. G14 dated 13th January, 1983 details under the successful applicants—Land Board No. 1406, Item 6, the file reference was listed in error.

It should read as follows:—

L. F. 83/502—Papua New Guinea Electricity Commission, a Residence Lease over Allotment 8, Section 17, Town of Kerema, Gulf Province.

Dated at City of Port Moresby, this 21st day of March, 1983.

K. PITZZ,
Secretary for Lands.

CORRIGENDUM

UNDER the heading Southern Highlands Province Land Board No.1431, the following additional item should be inserted:—

3. 82/2119—Yawale Kulu, application under Section 54 of the *Land Act* (Chapter 185) for a Business (Commercial) Lease over Allotment 6, Section 1, Town of Koroba, Southern Highlands Province.

Dated this 22nd day of March, 1983.

H. GAMINI,
Acting Chairman of Papua New Guinea Land Board.

CORRIGENDUM

The General public is hereby advised that Land Available for Leasing advertised under Tender No. 6/83 as Business Commercial Leases Town of Minj, Western Highlands Province in the *National Gazette* No. 9 of 17th February, 1983, which closed on 30th March, 1983, is now being extended to 27th April, 1983.

The reason being that the *National Gazette* No. 9 of 17th February, 1983 was received late and despatch of the Notices was delayed.

The official closing date of Tender No. 6/83 is now 27th April, 1983 and not 30th March, 1983 as advertised.

Any inconvenience caused is regretted.

K. PITZZ,
Secretary for Lands.

*Mining Act (Amalgamated) 1977***APPLICATION FOR A PROSPECTING AUTHORITY**

WE, Placer (P.N.G.) Pty. Limited, having registered offices at the Office of Beresford Love & Co., Hunter Street, Port Moresby, do hereby apply for a Prospecting Authority over 442 square kilometres or thereabouts situated in the Central Province and more particularly described in the Schedule and the sketch plan attached hereto for the purpose of prospecting for antimony, asbestos, bauxite, copper, diamonds, gold, iron, lead, manganese, mercury, molybdenum, nickel, platinum metals, rare earths, silver, tin, titanium minerals, tungsten, uranium, zinc, limestone, sand, gravel, clay minerals, phosphate, sulphur, vanadium, magnesite, silicon minerals, calcite, gypsum, kaolinite, tellurium, bismuth, chromite, cobalt, tantalum and cadmium.

Dated at Sydney this 23rd day of December, 1982.

R. McKEOWN,
Secretary.

P. M. D. BRADSHAW,
Director.

SCHEDULE**1. Graticular Block System Schedule**

All that piece of land in the Central Province of Papua New Guinea containing an area of 442 square kilometres or thereabouts and lying within the area covered by the graticular block system as defined by Section 16 of the *Petroleum Act 1977* as follows:

Map Sheet Title: Port Moresby

Map Sheet No.: SC55 (1: 1,000,000 scale)

Block Numbers	Sub-Block Numbers	No.
1191	d, e, j, k, o, p	6
1192	a-z, excluding i	
1193	a, b, c, f, g, h, l, m, n, q, r, s, v, w, x	15
1264	a-z, excluding i	
1265	a, b, c, f, g, h, l, m, n, q, r, s, v, w, x, y, z	17
1336	b, c, d, e, h, j, k, o, p, t, u, z	12
1337	a-z excluding i	25
		125

2. Schedule stating co-ordinates of the boundary of the area

All that piece of land in the Central Province of Papua New Guinea containing an area of 442 square kilometres or thereabouts commencing at a point being the intersection of parallel 9 degrees 20 minutes south latitude with meridian 147 degrees 13 minutes east longitude thence bounded on the north by a straight line to the intersection of parallel 9 degrees 20 minutes south latitude with meridian 137 degrees 23 minutes east longitude thence bounded on the east by a straight line to the intersection of parallel 9 degrees 29 minutes south latitude with meridian 147 degrees 23 minutes east longitude thence bounded on the north by a straight line to the intersection of parallel 9 degrees 29 minutes south latitude with meridian 147 degrees 25 minutes east longitude thence bounded on the east by a straight line to the intersection of parallel 9 degrees 35 minutes south latitude with meridian 147 degrees 25 minutes east longitude thence bounded on the south by a straight line along parallel 9 degrees 35 minutes south latitude to the intersection of that parallel with the highwater mark of the Coral Sea, thence bounded along the south-west by the highwater mark of the Coral Sea to the intersection of the highwater mark with meridian 147 degrees 15 minutes east longitude thence bounded on the west by a straight line along meridian 147 degrees 15 minutes east longitude to the intersection of meridian 147 degrees 15 minutes east longitude with parallel 9 degrees 23 minutes south latitude thence bounded on the south by a straight line to the intersection of parallel 9 degrees 23 minutes south latitude with meridian 147 degrees 13 minutes east longitude thence bounded on the west along a straight line to the point of commencement.

Lodged at Konedobu on the 8th day of February, 1983.

Registered No. P.A. 496.

Objections may be lodged with the Warden at Konedobu on or before the 30th day of May, 1983.

Hearing set down at Koiari Council Chambers at 10 a.m. on the 8th day of June, 1983.

I. F. SMALLEY,
Warden.

PLACER (P.N.G.) PTY. LIMITED**PROSPECTING AUTHORITY APPLICATION ASTROLABE MINERAL FIELD****PROPOSED WORK PROGRAMME FOR INVESTIGATION OF THE ASTROLABE MINERAL FIELD, P.N.G.**

The investigations are proposed as succeeding phases which are dependent on results for the content and extent of each ensuing phase. Only the first phase can be designed and costs estimated with any confidence.

PHASE I OF WORK PROGRAMME**1. Objective**

The evaluation of the precious metal potential of the Astrolabe Mineral Field including that of the known mixed sulphide deposits and their host rocks.

2. Summary of Proposed Investigations

2.1 Review of all available data and compilation or results by a senior geologist.

2.2 Organisation of field programme by senior geologist.

2.3 A field programme by at least two geologists with the following principal activities:

2.3.1 Intensive sampling of all favourable outcrops. This will include known massive sulphide occurrences and gossans and the surrounding host rocks. Attention will be given to the regional stratigraphy, and sediments which may be favourable for Carlin/Cortez micro-gold type mineralisation will be sampled.

2.3.2 Geological mapping both detailed and regional to compliment and direct the sampling programme.

2.3.3 Aerial photo interpretation, with emphasis on the structure of the region. A photo mosaic may be required as a base for field examinations.

2.3.4 Completion of analyses and analysis checks. Interpretation of results and reporting recommendations.

3. Timing

Phase I will take a minimum of five "geologist months" of direct work, and involve additional time for return of analyses and administrative procedures. The Phase I programme is then submitted as the minimum expected work programme for the first year of the anticipated two year grant of a Prospecting Authority.

4. Estimate of Cost

The following estimate of costs has been made on the broad organisation basis that:

4.1 Project responsibility and direct field control will be by a senior geologist experienced in Papua New Guinea and with previous field experience at the Astrolabe Mineral Field.

4.2 The project members will probably be based initially in Port Moresby but on-site accommodation will be sought.

4.3 Local temporary labour will be obtained from the Astrolabe area.

4.4 It is not anticipated that the type of work proposed will involve large compensation or occupancy costs to local people.

4.5 In the current conditions of tight money supply effort will be made to complete the Phase I work programme within and preferably below the cost estimate shown.

4.6 The cost estimate is as follows:

<i>Cost Estimate Phase I Programme</i>					Kina
Permanent Payroll	9,300
Administration	10,700
Temporary Staff	1,000
Camp Operations	4,800
Communications	200
Property Expenses	300
Sampling and Assaying	12,100
Travel and Freight	3,200
Vehicle Operation	2,400
					<u>44,000</u>

Proposed Work Programme for Investigation of the
Astrolabe Mineral Field, P.N.G.—*continued*

PHASE II OF WORK PROGRAMME

Assuming that the results of some or all aspects of the Phase I programme are encouraging, Phase II of the work programme may include the following:

1. *Sampling*

Orientation and follow-up stream sediment and soil sampling to determine the sub outcrop extent of any mineral showings of significance identified in Phase I and to locate any further showings, particularly those with precious metal content not analysed in previous surveys. This work could include detailed scanning of orientation samples for elemental association of the precious metals and the routine analysis of samples for these associates.

2. *Geophysics*

At this stage, all previous geophysical survey work would be collated and re-interpreted. Further ground surveys could also be warranted as a result of the re-interpretation.

3. *Trenching and Pitting Programme*

The work in 1 and 2 of Phase II would probably identify specific targets requiring trenching or pitting with further sampling and detailed mapping.

4. *Costs and Timing of Phase II*

Credible cost or timing estimates cannot be made at this stage. It is possible that the Phase II work could occupy some or all of the second year of the term of a Prospecting Authority.

Copra Act (Chapter 211)

REVOCATION OF APPOINTMENT AND APPOINTMENT
OF COPRA INSPECTORS

I, Dennis Young, Minister for Primary Industry, by virtue of the powers conferred by Section 2 of the *Copra Act* (Chapter 211) and all other powers me enabling, hereby—

- (a) revoke the notice of Appointment of Copra Inspectors dated 5th January, 1981 and published in *National Gazette* No. G3 of 15th January, 1981 insofar as it relates to the appointment of John Bennett, Jerry Towasa and Phillip Day as Copra Inspectors; and
- (b) appoint Boas Waubi as a Copra Inspector for the purposes of the Act.

Dated this 22nd day of March, 1983.

D. YOUNG,
Minister for Primary Industry.

MATERIALS FOR DISPOSAL

Tender Plant Disposal 9/83.

TENDERS are invited in an "as is where is" basis for Purchase of the following items located at Morobe Province.

- Item 1—Plant No. 19D-0033—Davleco Vib Roller—Mumeng.
- Item 2—Plant No. 21F-0435—Massey Ferguson 135 wheel tractor—Pindiu.
- Item 3—Plant No. 22F-0528—Massey Ferguson trailer—Boama
- Item 4—Plant No. 22F-0534—Massey Ferguson trailer—Pindiu
- Item 5—Plant No. 22M-0103—Toyota HJ45 Utility—Wasu
- Item 6—Plant No. 22M-1179—Toyota HJ45 Utility—Pindiu.

Tenders close at 10 a.m. on Wednesday 6th April, 1983.

Tenders must be posted to reach the Chairman, Supply and Tenders Board for Plant and Transport, Post Office Box 1429, Boroko, Papua New Guinea.
